VANGENT

Profile:

I am a Graphic Designer currently looking for employment as a junior graphic designer in production, marketing, and web design.

Education:

- Currently in 3rd year Graphic Design Program at Georgian college
- Graduating 2020

Related skills:

- Effective use of proper file management and organization
- Branding experience
- Advanced knowledge of typography including use of glyphs and symbols for English and French languages
- General knowledge and effective usage of Adobe products
- Web & mobile based design knowledge
- Basic Knowledge of XD

Design Experience:

I have communicated effectively with a small group of designers, in order to maintain good time management for a client's website redesign.

I effectively used time management skills in order to design a new logo and accompanying brand guidelines for a photographer within the time frame required by them.

Have effectively formatted websites for both web and mobile devices.

Utilized Photoshop/After Effects to design animated ads & videos for use on a website and social media.

Work History:

- Freelance rebranding design work
- Freelance website creation
- Field Placement at Siva Creative
